Discharge advice after your ERCP

Information for Patients

We will discuss your ERCP result with you before you leave and give you a copy of your report. Please ask if you have any questions.

Your ERCP

You have had an ERCP:

under midazolam and fentanyl sedation

under propofol sedation

The sedation you have been given makes you sleepy and can cause forgetfulness and lack of concentration for up to 24 hours. You should go home and rest today.

You must be collected and accompanied home.

If you have had sedation and live alone, we recommend that you try to arrange for someone to stay with you overnight.

For 24 hours after the sedation you **must not**:

- drive
- drink alcohol
- operate heavy machinery
- sign any legal documents.

Most people feel normal after 24 hours.

After effects

You may have a sore throat for about 24 hours. This is quite normal.

During the ERCP you had a:

- Sphincterotomy
- Pre-cut
- Stent

We will explain to you what this procedure involved and any treatment you may need afterwards.

If you have:

- pain in your neck, chest or abdomen, especially epigastric pain (pain in the centre of your chest/abdomen) or pain that radiates to your back
- nausea or vomiting
- a fever (hot or cold spells)
- any signs of bleeding, including black faeces or dizziness.

You should contact the Endoscopy Urgent Advise line.

Telephone: **03003 047 777**, and state you want to speak to the operator. During the hours of 8am to 6pm Monday to Saturday ask for bleep 6825. Out of these hours and on bank holidays ask the operator to bleep the on call Gastro-registra

What happens next?

A copy of the endoscopy report will be sent to your GP electronically within 1 working day. You should also be given a copy of the report before you go home.

Your results

If the investigation was requested by a hospital Consultant, the report will be sent to them. The Consultant will then write to you and your GP to tell them the results of the biopsy. If you are having other tests your Consultant may need to wait for all the results before they write to your GP. This may not be until after you have returned for a further outpatient appointment. The endoscopy department does not receive any biopsy results.

You have been given a copy your report with intial findings and if further follow up is required you will be contacted by the relevant department.

How to contact us

For any other non-urgent matters, please contact the John Radcliffe endoscopy department on: **01865 221 456** or for the Horton endoscopy department call: **01295 229 155**.

Let us know your views and experience

Further Information

Please speak to the department where you are being seen if you would like an interpreter. You will find their contact details on your appointment letter. Please also ask them if you would like this information leaflet in another format, such as:

- easy read
- large print
- braille
- audio
- electronically
- in another language.

We have tried to make this information meet your needs. If it does not meet your individual needs or situation, please speak to your healthcare team. They will be happy to help.
